Circular: No: AMIS/SC/1153/06/26-27

Dear Parent,

We are delighted to inform you about our forthcoming event, "Anything but a Backpack Day", has been scheduled for April 30, 2026 (Thursday) at the school premises. The concept of "Anything but a Backpack Day" is an initiative where students are urged to substitute their regular backpacks or school bags with an alternative container. This could be a reusable grocery bag, tote bag, small suitcase, carton box or any other creative option. This engaging event provides an opportunity for students to showcase their creativity and individuality by transporting their school necessities in the most unconventional and imaginative ways possible. We aim to challenge students to think innovatively and beyond the conventional norms. To ensure this event is both enjoyable and safe for all participants, we kindly request your adherence to the following guidelines:

**Do's & Don'ts:**

- Encourage your child to select a safe and manageable item for carrying their school supplies.
- Ensure that the chosen item does not contain any prohibited items such as sharp objects or toys resembling weapons.
- Label the chosen item with your child's name to avoid confusion.
- Discuss with your child about maintaining care of their selected item throughout the day.
- Support and celebrate your child's creativity during this unique event.
- Avoid sending items that are too heavy or bulky for your child to carry comfortably.
- Do not send items that are valuable or irreplaceable, as the school will not be responsible for any loss or damage.
- Refrain from sending items that could be disruptive or distracting in the classroom setting.
- Avoid sending food or perishable items as part of the Anything But a Backpack Day activity.

If you have any questions or concerns, please feel free to reach out to us over (+966 59 639 1037). Please avoid contacting during late hours. Let's make this day a fun and creative one for our young learners!
