From the Principal's Desk: - **Circular: No: AMIS/SC/1181/32/26-27** **Oct 25, 2026**

Dear Parents,

This is regarding the repeated postponement of examinations due to the prevailing conditions and directives from the local authorities. We fully recognize the stress, uncertainty, and disruption caused for our students, parents, and teachers alike.

In light of these exceptional circumstances and prioritizing the mental well-being and academic continuity of our students, the school, after careful deliberation, has finalized the following decisions regarding the pending examinations:

Classes 1 to 7: The remaining postponed examinations **stand cancelled**. To ensure a fair assessment without burdening the students, marks for the cancelled papers will be tabulated based on the examinations already conducted. The average of the best 02 subjects shall be applied and awarded to the subjects those are cancelled.

Classes 8 to 10: The examinations for these classes are currently **put on hold**. A revised examination schedule, along with updated portions (if required), will be officially issued once the school resumes regular offline operations.

Kindergarten: Student evaluations are an ongoing process for KG. The teachers will continue to assess student performance in the coming days as well, and these observations will be tabulated alongside the upcoming Term 02 Examinations.

Due to the prevailing situation, some planned school activities and events may be affected; updates regarding these will be communicated to you from time to time. Please note that under these special circumstances, the Academic Excellence Award for this academic year stands cancelled.

While we understand that this arrangement of tabulation is an exceptional alternative to traditional offline assessments, this decision has been taken out of deep respect for the plight of our students and to relieve the pressure on families, teachers & academic administrators. This step will allow us to move forward smoothly with the regular academic curriculum for the remaining session.

We are deeply grateful for your continued patience, trust, and proactive cooperation in supporting your child's learning journey.

Parents are kindly requested to closely monitor your respective **Class WhatsApp Groups** and the **official School WhatsApp Channel** for the updates.
